The Town House loan of \$28,000, which was authorized by the Town at the meeting held June 1, 1878, has been negotiated. The interest is to be paid semi-annually, at the rate of four and one-half *per cent.* per annum. The money was borrowed of the Treasurer of the Commonwealth. There will be due of this loan, Oct. 6, 1879, \$2500 of the principal; and April 6, \$241.88, and Oct. 6, \$630 of the interest—a total of \$3371.88 to be provided for this year.

Below is a list of the notes of this loan now outstanding. They are arranged with the smaller annual payments falling due first, that the amounts to be raised yearly may be more nearly equal,—the interest diminishing annually.

4, " " " '82, 2500	" 8, " " " '86, 3000

Total \$21,500. The State Treasurer has contracted to take two more notes; one (No. 9) for \$3000, to fall due Oct. 6, 1887; and one (No. 10) for \$3500, to fall due Oct. 6, 1888. The notes are all made payable at the office of the Treasurer of the Commonwealth.

All of which is respectfully submitted.

Millbury Fire Department.

ENGINEERS' REPORT.

The Engineers, in submitting their Annual Report, would say, the Fire Engines belonging to the town are all in good working condition, with a full complement of men.

There have been sixteen fires during the year ending March 8th, 1879. The most disastrous were the burning of Peter Simpson's Picker Mill, April 19, 1878; John Martin's Foundry, June 26th; the store and office of the Wheeler Cotton Mills, July 25; Amasa Bond's barn, August 16; Butler's bakery, Aug. 21; Tyler Waters' barn, Aug. 23; Streeter and Molt's barns, Sept. 12; the barn belonging to the Samuel D. Torrey estate, Sept 13; John Rich's barn, Feb. 8, 1879; Capt. Peter Simpson's Picker mill, March 7—ten in all, which were in most cases entirely destroyed. The other six were as follows: April 21, A. York's bakery; June 21, John Martin's foundry; Oct. 20, the house belonging to the George Pierce estate; Jan. 9, 1879, the livery stable occupied by D. A. Powers; Jan. 23, Jeremiah Sullivan's house; Jan. 25, a shed in Bramanville, occupied by Patrick Collins, Esq., and others, which were soon extinguished with but trifling damage. Engines 3 and 4 responded promptly in most cases, and did good service in protecting the adjoining buildings. Engine No. 5, being so far away did not make an appearance to but one fire, owing probably to not hearing the alarms. In several cases the fires would have been more disastrous had it not been for the force pumps of the Millbury Cotton Mills, C. D. Morse and

Mowry Lapham, who generously rendered valuable aid in subduing the flames. Also, the Cordis Mills Co. for the use of hose.

The Fire Department is sadly deficient in hose, having to depend on the mills in many cases for a supply, the hard service it has seen the past year rendering a good portion of it unfit for use, and cannot very well be repaired. We would recommend an appropriation sufficient for the purchase of six hundred feet of new hose. Having to depend on the river for the principal supply of water generally, the amount of serviceable hose on hand is hardly adequate to the wants of the department.

The Engines having all been painted and put in good repair the past year, and no extraordinary expenses being anticipated the coming year, we would recommend the following appropriations :

For pay of Firemen, 120 men at \$12 each,	\$1440 00

STATISTICS.

Whole number of volumes in library March 1, 1879 :

For circulation,	3,189
For reference,	175
Total,	<hr/> 3,364
Number of volumes taken during year,	10,651
Number of persons taking during year,	720
Number of volumes charged and not returned,	4

The Trustees congratulate the inhabitants of the town on the continued success of the Library as shown by the increase of the number of books taken during the year, and a general expression of its value and usefulness by those with whom it has been our privilege to confer in regard to it. During the coming year the library will doubtless be removed to more convenient and commodious rooms, which ought to be arranged and fitted up in a suitable manner. We therefore recommend that the town raise for the library the coming year the sum of two hundred dollars, and appropriate that sum and the amount that may be received from the dog tax, for its care and support.
